

Index to Obituaries in the  
New Bedford Standard-Times

1969-1974

A-K

## INTRODUCTION

This index lists 16,200 individuals whose obituaries appeared in the New Bedford Standard-Times from January 2, 1969 - December 31, 1974. The six year compilation was undertaken to fill a gap in vital statistics information contained in the Genealogy Room of the New Bedford Free Public Library. The New Bedford City Clerks Records, microfilmed by The Church of Jesus Christ of Latter-Day Saints in the late 1960's extend to December 31, 1968. This index extends our coverage of New Bedford area vital statistics thereby making a most basic genealogical resource readily available.

An attempt was made to be comprehensive in the compilation of these obituaries. The only exclusions are those national or international figures who had no direct contact with Southeastern Massachusetts. Obituaries for such persons are available in other sources such as the New York Times Index. While omissions may have occurred, the goal of complete inclusion of names on the obituary page was met.

The index is organized as one continuous alphabetical listing using the following abbreviations:

Ja	January	Jl	July
F	February	Ag	August
Mr	March	S	September
Ap	April	O	October
My	May	N	November
Je	June	D	December

Thus, a citation appearing as Mr. 28, 1974, 35 translates as March 28, 1974, page 35. Abbreviations of titles of courtesy and profession such as Mrs. and Dr. are familiar and easily discemable with one exception. The use of Sr. refers to both the titles Senior and Sister.

The only problem locating citations from this index on the microfilm will be for those obituaries that appear in either the city or suburban editions but not both. In such cases, the suburban pages follow the complete daily city edition on microfilm.

These pages are numbered and circled for identification. Therefore if a citation is not found in **one** edition one must go to the other edition on the same page to find the reference.
